

1st GEOTECH ASIA 2025

GeoVadis

The Future of Geotechnical Engineering

WELCOME TO THE
LARGEST GATHERING
OF GEOTECHNICAL LEADERS IN ASIA

7 - 10 OCTOBER, 2025

TAJ CIDADE DE GOA HORIZON, GOA, INDIA

Organized by:

1,000+ ATTENDEES | 26+ COUNTRIES | GEOTECHNICAL EXPERTS FROM ALL OVER THE WORLD

ABOUT 1ST GEOTECH ASIA 2025 & ASIAN REGIONAL CONFERENCES

The Asian Regional Conferences (ARCs), occurring every four years, elect member nations through a competitive bidding process. The recent 17th Asian Regional Conference, hosted by the Kazakhstan Geotechnical Society in Astana, Kazakhstan, focused on 'Smart Geotechnics for Smart Societies,' drawing over 600 attendees from above 50 countries, notably from leading construction hubs in Asia. Given the limited frequency of the Asian Regional Conferences and the participation of 26 countries, many nations miss the opportunity to host. To bridge this gap, Geotech Asia was proposed during the 17th ARC, with India selected to host the inaugural event in 2025. Scheduled for October 7th to 10th, 2025, in Goa, the conference's organizing committee is inviting researchers, academics, and practicing engineers to submit papers for presentation. As the first event in the series, India anticipates a significant turnout from member nations and their representatives.

ABOUT THE ORGANIZING COMMITTEE

The 1st Geotech Asia 2025 conference is organized by the Indian Geotechnical Society (IGS), with the esteemed support of the International Society of Soil Mechanics and Geotechnical Engineering (ISSMGE). ISSMGE, a pre-eminent

professional body established in 1936, represents the interests and activities of engineers, academics, and contractors worldwide who actively engage in geotechnical engineering. As a truly global organization, ISSMGE provides professional leadership to approximately 90 Member Societies and around 20,000 individual members. IGS has been affiliated with ISSMGE since 1948. Collaboration extends to ISSMGE Asian Regional Technical Committees, which are specialized groups focused on advancing soil mechanics and geotechnical engineering within the Asian region. Additionally, the renowned Indian Institute of Technology Bombay (IIT Bombay) contributes expertise, enriching this prestigious gathering. You are cordially invited to participate in the conference and contribute papers.

VENUE

The conference will be held at Taj Cidade de Goa Horizon during 7th - 10th October 2025. The sprawling modern complex, adjacent to Taj Cidade de Goa Heritage, Goa, is designed in a contemporary style that evokes the vibrant spirit of the state. Perched majestically on a forested hillside with breathtaking views of the Arabian Sea, Zuari River and Vanguinim Beach, Taj Cidade de Goa Horizon, Goa is a paradise that promises luxury amid the whispers of caressing waves and sunny golden shores.

CONFERENCE SUB-THEMES

- Academic & Professional Practices in Geotechnical Engineering
- Cold Region Geotechnics
- Deep Excavation and Retention Systems
- Earthquake Engineering and Soil Dynamics
- Embankments and Dams
- Environmental Geotechnics
- Foundation Engineering
- Geosynthetic Engineering
- Geotechnics of Unsaturated Soils
- Marine and Coastal Geotechnics
- Risk and Reliability in Geotechnical Engineering
- Rock Mechanics and Rock Engineering
- Site Characterization

- Slope Stability, Erosion and Landslides
- Soft Computing and AI/ML in Geotechnical Engineering
- Soil Stabilization and Ground Improvement
- Theoretical and Computational Geomechanics
- Transportation Geotechnics
- Tunneling and Underground Structures

KEY DATES:

Full Paper Submission Deadline	20-03-2025
Full Paper Acceptance Notification	20-04-2025
Final Camera Ready Submission Deadline	15-05-2025
Publisher: The Conference proceedings will be published as an open access volume by CRC Press (Taylor & Francis Group)
