

IITD-IGS (DC) Geoenvironment-2023 Webinar: Useful Deliberations on Geotech Reuse of WtE Ash

150 participants from MoHUA, CPHEEO, CPCB, SPCBs, Municipalities, WtE operators, IITs, NITs, research institutions and consulting organizations, addressed the issue of reuse of MSW Incineration Ash on 20th April at the Geoenvironment-2023 webinar organized by IIT Delhi in association with the Delhi Chapter of Indian Geotechnical Society. 8 talks - 2 each by govt. officials, industry representatives, IIT Delhi and consultants from Singapore & Netherlands – set the tone for the discussions. The deliberations highlighted the need for a framework to evolve regulations and guidelines for storage & disposal of ash as well as its reuse in earth-fills, embankments, subgrades and sub-bases. At the concluding session, Jt. Secy. (SBM-U), MoHUA requested sharing of the outcomes of the webinar.
