

IGS Young Member Photostory Contest

Entries of **own high-resolution photos** related to geotechnical engineering, along with a **short description (limited to 50 words)** are sought from all young members of the Indian Geotechnical Society (IGS).

Exciting cash prizes to win!

Eligibility Criteria

- The contestant must be aged 35 or under on December 31, 2023.
- The contestant must be an Indian and a member of the Indian Geotechnical Society (national body).

Rules of the Contest

- The photostory must be based on the geotechnical engineering research/practice/case study in India.
- Images must clearly demonstrate geotechnologies, without trade names.
- The image must be an original photo and the story must be a separate word document.
- Proof of age must be submitted along with the entry.
- The top 10 finalists will get a chance to present their story ONLINE to a panel of judges.
- The winners will be picked by the panel.
- The three winning photostories will be published in IGS news.
- **One contestant can submit only one entry.**

As a part of the 75th year celebrations of Indian Geotechnical Society, a “**Photo story contest**” is being organized by the **IGS Bangalore Chapter**. The contest is open to all young members of the Indian Geotechnical Society, working in field/lab/academia, including students.

First Prize: Rs. 10,000/-

Second Prize: Rs. 7,500/-

Third Prize: Rs. 5000/-

All entries must be submitted by email only to igsbphotostory@gmail.com before **30 September 2023**

“A good photo is a permanent record of a moment and a strong story told in a simple way.”
